According to the
laws of Earthside,

the funeral is held
according to the traditions
of the next of kin...

If the deceased has no living relatives, the regional magistrate administers the funeral according to the local traditions.

The bodies of Egg Forte and his daughter were incinerated beyond recognition; a pyre was set up in a public graveyard for them.

The villagers cleaned up the house and took care of the everything else...

Here, this is a document concerning these matters addressed to Professor Eze. Look it over yourself!

See some contrast.

Well, if a single piece of paper can buy her cooperation, it's a cheap price to pay

Is that all?

What're you planning to do with the Dragon's powers? What's your objective?

I told you before. I'm going to get rid of the parasitoid, that is to say, I'm going to kill the king.

Why?

The reason is inconsequential

What about Kairak...

No, I don't need to ask that.

Even if he is separated from his Kyuras, Kairak is still a Dragon.

And there are few places capable of restraining or neutralizing a Dragon.

I just need to remove this inhibiting collar somehow.

I know that you want to be able to control the Dragon's power.

Ms. Karin taught me how to use the Dragon's power and I have used it to aid others before.

But, in order for me to do so

you must remove
the collar

I can't.

Didn't I tell you
that strength isn't
something I need?

Then I'll return the
Dragon Pearl to him.

—LINGA!

...Return it?

You know this
isn't my power,

When any light withers,

this power will
return to its owner.

Are you

Wait,

why is this
intriguing me?

If she doesn't listen
I can make her listen

She's acting as
though she doesn't
value her life

So, why am I interested
by what she said?

Oh my child.

PA
RAK
I

this sort of darkness
force you to wedding.

Well, she's still young and I heard that you need to back off

Oh! The prince said something like that, did he?

He always know how to attract the ladies

She must be something special if he won't even let her be seen.

Just once, I'd like to see his arrogant maj. pleading for a lady's attention.

You don't seem to be getting in the food tent like? Should you like not to make you something else?

What's the status of the capital?

Hall has collapsed, the destruction has reached the city's epicenter.

And the rumor is that the king has departed to Tatsunagi to recover his health.

He must've been alarmed, what with Prince Koharu being there when the disaster struck.

And weren't there a few others there - on vacation?

They returned safely, thankfully.

That's it, right?

The "rising mountain" that destroyed the capital.

It's been impossible since the attack.

Though it is visible from here.

It's beyond the Canyons of Hunting.

No one has managed to travel through there; not only can light not penetrate through there, but it's filled with black misge beasts.

All attempts to enter have only resulted in casualties.

Then how did anyone pass through before?

WHO DARES—

SHOW YOURSELF!

OH MY GINGA!
